

Product Change Notification (PCN)

PCN #: 7C-2024

Date: 4th July, 2024

1 Products Affected

Ezurio Part Number	Description
453-00171R	Module, Vela IF820, Integrated Antenna, Tape and Reel
450-00171C	Module, Vela IF820, Integrated Antenna, Cut Tape
453-00172R	Module, Vela IF820, MHF4, Tape and Reel
453-00172C	Module, Vela IF820, MHF4, Cut Tape
453-00171-K1	Dev Kit, Module, Vela IF820, Integrated Antenna
453-00172-K1	Dev Kit, Module, Vela IF820, MHF4
450-00185	Assembly, Vela IF820, USB Adapter

2 Description of Changes

All changes have been applied to the part numbers listed above:

- Firmware loaded to the products in production has been updated from v1.4.12.12 to v1.4.16.16

3 Reason for Change

This is to address the use of Vela IF820 modules with, and without, an external 32.768KHz crystal and from v1.4.16.16 onwards, the default setting is to use the internal LPO.

The Vela IF820 USB dongle (part # 450-00185) does not have a 32.768KHz external crystal fitted. The internal antenna internal LPO should be used for the USB dongle to function optimally.

4 Anticipated Impact of the Change

The major functional change of v1.4.16.16 is to default to using the internal LPO.

There are multiple performance improvements, with details available at https://github.com/LairdCP/Vela_IF820_Firmware/releases

5 Method of Identifying the Changed Product

6 Factory Effectivity Date

These changes will be implemented into manufacturing as a running change, starting from the Date Codes below, for each product variant. The date code is shown on the product label, as format SSYYWWD.

SS = Supplier code

YY = last two numbers of the year (ex: 18=2018, 19=2019)

WW = Week of the year

D = day of the week (ex: Sun=1, Mon=2, Tue=3, Wed=4, Thu=5, Fri=6, Sat=7)

Ezurio Part Number	Description	Factory Effectivity – Date Codes
453-00171R	Module, Vela IF820, Integrated Antenna, Tape and Reel	0924292
450-00171C	Module, Vela IF820, Integrated Antenna, Cut Tape	0924292
